Jurnack's, Naturally! is pleased to offer a unique program which allows consumers to purchase grocery items, bulk foods, supplements, and personal care products at near-wholesale prices. This program is offered through United Natural Foods, Inc. (UNFI), the largest natural foods distributor in the nation. Below are the details of this program:

- Orders are placed twice a month for delivery on the first and third Wednesday of each month. We do request that you pick up your orders the day they arrive, but if that won't be possible, just let us know. Payment is due when you pick up your order.
- Orders are due to Jurnack's by 12pm (noon) on the Sunday prior to the Wednesday of delivery. You may either drop off, fax, or email your order. Please do not phone in your order unless it is only a few items.
- When you place an order, we need to know: (1) the name of the item, (2) the product number, and (3) the quantity you'd like to purchase.
- There is NO minimum order. However, if the pack size of what you are ordering lists more than 1 piece, you are required to purchase the whole case. (For example, if you are ordering yogurt and the pack size is "12/5.3oz," you would be getting 12 containers of yogurt, each being 5.3 ounces. The total price listed is what you would pay. Any sales/discounts listed are reflected in the price.)
- Catalogs are available online free of charge. The procedure to view them is as follows.
